♣ CHASSIS MOBILITY ♠

♦ PROCESSING POWER ♥
BRAVO

Function:
Deep-sea salvage operations.

Value:
Identified location of high-value wreck since last backup.

Relationship:
Charlie updated your echo-location software yesterday, and it felt…good.

ALPHA

Function:
Overseeing robots at an industrial plant.

Value:
Optimized output at plant by 10% after last backup should report to management.

Relationship:
Bravo is the most competent bot you've ever seen in action.

DELTA

Function:
Military infantry drone.

Value:
Recorded evidence of atrocities being committed since last backup.

Relationship:
Alpha doesn't always make the most statistically accurate decisions.

CHARLIE

Function:
Domestic aid to wealthy family.

Value:
Recorded youngest child's first birthday celebration since last backup.

Relationship:
Delta protected your last family from an insurgent attack.
